This reference is a memo from Mr. Tolson to the Director,
dated 3-13-47 in which the Director was advised that Morris Ernst
had recently inquired about Robert Cohn (subject of 100-207001).
Ernst's partner, Mr. Jaffin, was contacted and told confidentially
that the Bureau had nothing in their files concerning Cohn since he
entered the Army three years previous.

Under date of 3-27-47 the FBI Executive Conference
considered the matter of a special course of training for a selected
group of Special Agents on the subject of Civil Rights and Civil
Liberties (subject of 1-4870). It was recommended the school begin
5-5-47. It was believed to be a good idea to include in the school
a one-hour lecture by Morris Ernst since he was on the President's
Committee dealing with Civil Liberties.
