**Re: Airtel 3-15-63.**

New York should interview Sydney Baron for any pertinent information he may have concerning activities of Rosenbaums' on behalf of Dominican Government and particularly to resolve whether Baron has any information bearing on the subjects' reported role in setting up the hiring of Baron and/or Ernst by the Trujillo regime with regard to the Galindes case.

No contact with Ernst is desired at this time. However, when furnishing results of Baron interview, New York should submit its recommendations as to the desirability of our contacting Ernst. New York is aware of the Bureau's prior relationship with Ernst.
